- Show Details

Explanation

While completing this lab, use the following information:

- Beneath the CorpNet.local domain, create the following OUs:
 - Accounting
 - Admins
 - Marketing
 - Research-Dev
 - Servers
 - Support
 - Workstations
 - Sales
- Beneath the Sales OU, create the following OUs:
 - SalesManagers
 - TempSales

Complete this lab as follows:

1. Access the CorpDC server.
 - a. From the left pane of Hyper-V Manager, select **CORPSERVER**.
 - b. From the Virtual Machines pane, double-click **CorpDC**.
2. Create the Active Directory organizational units (OUs) beneath the CorpNet.local domain.
 - a. From Server Manager's menu bar, select **Tools > Active Directory Users and Computers**.
 - b. From the left pane, right-click **CorpNet.local** and then select **New > Organizational Unit**.

You can also create OUs by selecting the **Create a new organizational unit in the current container** icon () located in the Active Directory Users and Computers ribbon.

- c. Enter the **name** of the OU to be created.
 - d. Ensure that **Protect container from accidental deletion** is selected and then select **OK**.
 - e. Repeat steps 2b - 2d until all the required domain OUs are created.
3. Create the OUs within the Sales OU.
 - a. From the left pane, select **CorpNet.local > Sales**.
 - b. From the menu bar, select the **Create a new organizational unit in the current container** icon.
 - c. Enter the **name** of the OU to be created.
 - d. Ensure that **Protect container from accidental deletion** is selected and then select **OK**.
 - e. Repeat steps 3a - 3d to create the remaining OU.
